

Dozvoli Mi Da Te Zaboravim

Već odavno nisi moja
Srušena je naša sreća.
Često meni u snu dođeš,
Srce te se i sad seća.

Ref.

Dozvoli mi da te zaboravim,
To je sada želja moja.
Dozvoli mi da te zaboravim,
Ne treba mi lažna ljubav tvoja.

Slomila si našu ljubav,
To nikako nisi smela.
Šta sad vrede tvoje reći,
—Oprosti mi, nisam htela!

Sad odjednom ti se vraćaš,
Uspomene da probudiš.
Ali shvati neću ljubav
I te laži što mi nudiš.

You've not belonged to me for a long time—our happiness has been destroyed. You come to me often in my dreams—my heart remembers you even now. *Chorus:* Let me forget you—this is my wish. Let me forget you—I don't need your false love. You've destroyed our love—you never should've done it. What are your words worth now: Forgive me, I didn't mean it! Now all of a sudden you come back, waking up those memories. You have to realize I don't want the love and lies you offer me.
