

## Ja bez tebe ne mogu da živim

Moj živote,moja ljubavi  
Sunce se u suzi udavi  
Pa se spusti noć ko sudbina  
Da te sanjam,da te dozivam

Refren.

Ja bez tebe ne mogu da živim  
Milo moje nije nam se dalo  
Da se u tvom zagrljaju smirim  
Sve sa tobom bilo mi je malo.

Ja bez tebe ne mogu da živim  
Hej ljubavi nikad preboljena  
Ja se više ničemu ne divim  
Zato pijem za ona vremena

Tiha patnja uvijek bila si  
Mjesec se u vinu ugasi  
Svane dan ko bijela prašina  
Da te čekam da te dozivam

## I can't live without you

Oh, my life, oh my love  
The sun is drowning in tears  
And the night comes down like fate  
For me to dream of you, for me to call out to you

Chorus:

I can't live without you  
My darling it wasn't meant to be  
For me to find peace in your embrace  
Everything I had with you was still not enough

I can't live without you  
Oh, my love I could never get over  
I no longer admire anything  
And I drink for the old times

You were always my silent suffering  
The moon gets extinguished in wine  
And the new day dawns like white dust  
For me to wait for you, for me to call out to you
