## Sea take pity

I cry and sigh heavily  
And I look at the sea  
For two sugary eyes  
Which are missing in foreign lands

Sea take pity  
A little bit on me, too  
Bring my love  
(my bird)  
From the foreign lands

Sea of poison  
My heart you have burned  
You took my comfort  
From my embrace

Oh, you evil sea  
How you tricked me, sly one  
You seduced, deceiver,  
My love, you thief
